Commander's Message

By Alex Kolander, 414-322-8702

GREETINGS FELLOW LEGIONNAIRES

I pray everyone had a very Merry Christmas and are heading towards a Happy New Year.

Unfortunately, mine was a very sad time of the year with my brother passing on the 21st of December, but God will call all of us sooner or later. Thank you to all who have offered me condolences in my time of sorrow.

As of the first of February the hall is now leased by the owner to a party that will rent out the space for parties such as weddings, graduations, funerals etc. This will help us out by them having to purchase all liquor across the bar from us, as we hold the liquor license. Further information is forthcoming as to their contact information for all who wish to rent that space.

We are scheduling some Sundays for music from this date on to help increase our intake across the bar up until the end of May. For the months of June through August we will only have music on Friday nights with a few Saturdays also. Check the music schedule for dates.

We had a great turnout for New Years Eve with fun had for all who attended the celebration.

As soon as I get my life back to normal, I will be sending out the info for the raffles in regard to the grave plots that we own.

Casino night has been postponed until late April early May time frame with Coldwell Bankers Reality stay tuned for further information.

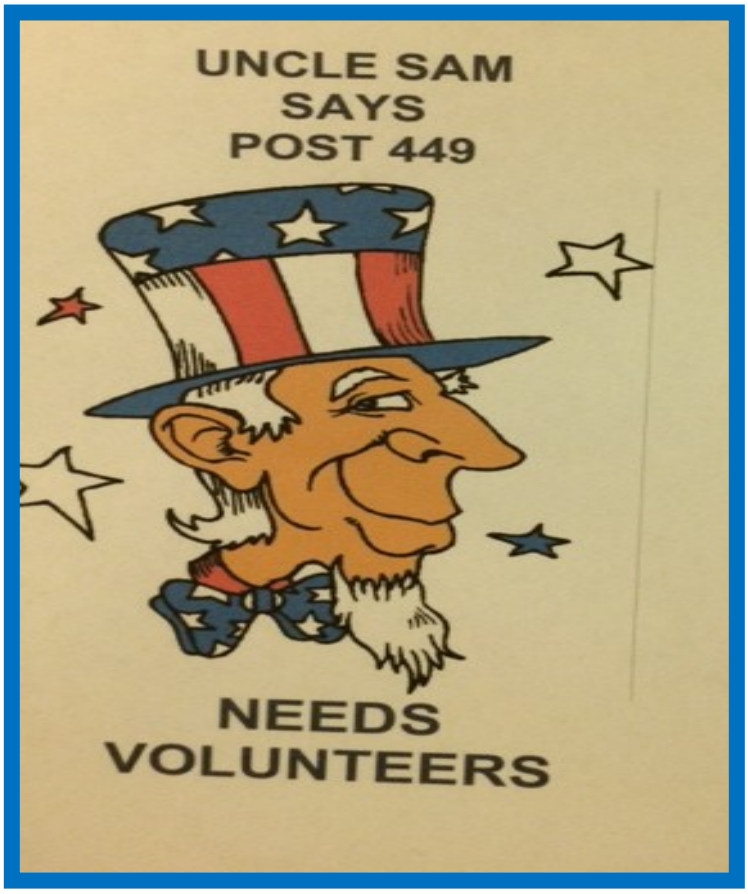
Please remember that the annual Giving fund is ongoing all year round if that makes it easier for you to

help out our finances. I thank everyone very much for all who have given up to this date. With prices constantly rising we need all the help we can get from you wonderful members.

Following is a prayer that I was given at my brothers funeral that I would like to share with you:

I ask you, dear God, to bless my friends; Where there is pain. Heal them with your mercy, Where there is sorrow, give them cause to rejoice. Let them know that you are forever near, Always ready to be our friend, especially in our hour of greatest need. Bless them with patience, strength, wisdom, confidence and faith in you. And guide us in your love, the true source of all friendship here on earth and in Heaven.

Amen



Service Officer's Message…

By Richard Strehlow 262-641-0977

My Message: I am still seeking anyone that would be interested in learning to become a back-up Post Database Coordinator and Newsletter Distribution Coordinator. These two roles go hand in hand, and I will gladly meet with you to discuss the details of these positions. If may be interested in helping, please call my home number (listed above) or email me at shot2guns@yahoo.com. Thank you.

Post Info: American Legion Post 449 is committed to serving those who have served by helping veterans and their dependents navigate the complex process of applying for VA benefits. With a strong understanding of available programs and eligibility requirements, American Legion Post 449 works to ensure that no veteran or family member misses out on benefits they have earned through service and sacrifice. Through guidance, advocacy, and community support, American Legion Post 449 strives to make the application process clearer, more accessible, and less stressful, reinforcing its mission to honor and support veterans at every stage of life.

Just a reminder that our Annual Giving Fund letters have recently been sent to all members. Please find it in your heart to contribute what you can. This is our largest fund-raising event of the year, and we count on your continued support to help keep our Post alive. Our operating expenses are steadily increasing, and we are implementing all possible measures to manage them effectively. We kindly request your support in this effort. Please remember that you are not just a Post 449 Legion Member but also an owner of our great Memorial Building. Honor Guard News: The Honor Guard is still in need of new members. Please consider joining whether you are an ALA, SAL or a Legion member. We have plenty of uniforms that can be issued. Please contact me at the number listed above or any Honor Guard member. We would like to thank The Burton Family for their donations to our Post for the services rendered by our Honor Guard.

Post Contact Info:
Post E-Mail is **americanlegionpost449mail@yahoo.com** to contact us.
Post Website is **POST449.com** which lists all current Post information and Newsletters.
Post Facebook is **American Legion Post 449**

*****Please Note that if you have a new email address or have moved, please send us your new contact information and e-mail to americanlegionpost449mail@yahoo.com or mail it to American Legion Post 449, 3245 N 124th St. , Brookfield, WI 53005 for you to continue to receive our Newsletter and postal mailings.*****

VA NEWS & INFORMATION:
The VA follows a detailed schedule that assigns percentages based on specific criteria for each type of condition. Ratings range from 0% to 100% in 10% increments, with each percentage level having specific requirements.

Did you know that exposure to JP-4, a fuel commonly used by military aircraft, can lead to a range of serious health issues? It's a sobering fact that thousands of veterans are discovering they may be suffering from ailments linked to JP-4 exposure, often decades after their service. This highlights the long-term impact of military experiences and underscores the importance of awareness within the veteran community.

Chloracne is a rare but serious skin condition that has affected some military veterans due to exposure to toxic chemicals, most notably dioxins found in Agent Orange. Veterans were primarily exposed during service in areas where herbicides were sprayed or handled, such as during the Vietnam War, as well as through contaminated equipment, soil, or water. The condition causes persistent acne-like eruptions and skin changes that can last for years or even be permanent, often appearing long after the initial exposure. Because chloracne is strongly linked to chemical exposure during service, it is recognized as a service-connected condition for many veterans, impacting not only physical health but also quality of life.

Understanding the optimal timing for filing a VA disability claim is crucial for veterans and their representatives, as it can significantly impact the length of time for processing a claim. The Department of Veterans Affairs (VA) provides essential guidance on this matter, emphasizing that being strategic about when to file can lead to a smoother and more successful claims process. Veterans and Veterans Service Officers (VSOs) need to be well-informed about the best times to submit their claims, ensuring they maximize their chances of receiving the benefits they rightfully deserve in a timely manner.

Did you know the Disabled Veterans Housing Support Act was unanimously passed by the Senate this week? The bill would exempt service-connected disability compensation from being counted as income when determining eligibility for certain federal housing programs.

Did you know the VA has opened 25 new health care facilities during the second Trump Administration? Bringing more care and convenience to Veterans across the nation!

Ischemic Heart Disease (IHD) is a condition characterized by reduced blood flow to the heart muscle, often resulting from the buildup of plaque in the coronary arteries. For veterans, this condition is particularly relevant as it can be exacerbated by the physical and emotional stresses encountered during service, including exposure to environmental hazards and the rigors of military life. IHD can manifest as chest pain, shortness of breath, or even heart attacks, significantly impacting a veteran's quality of life. Understanding IHD is crucial for veterans, as it not only highlights the importance of monitoring heart health but also connects to numerous service-related health issues.

Did you know all you need to win your disability claim is credible lay evidence and a documented account of what happened to you and how it has affected you — along with a nexus letter from a medical professional that ties your current condition to your military service? That is all that is required by law. You don't need to have a diagnosis in your military medical records or even to have reported your injury while you were in the service to win your claim, according to Jordan Anderson, founder of VA Claims Academy.

The Department of Veterans Affairs (VA) is actively planning to expand and deepen the use of artificial intelligence across its medical centers as part of a broader strategy to improve Veteran care, enhance operational efficiency, and reduce administrative burdens. In clinical settings, the VA is scaling up ambient AI scribe technology that automatically transcribes provider-patient interactions and generates accurate documentation, freeing clinicians to focus more on direct care. This new tool is slated to roll out to all VA medical centers throughout 2026. Beyond documentation, the VA's AI vision includes integrating AI assistants into electronic health record workflows to support real-time clinical decision making, suggest evidence-based treatment options, and automate routine tasks such as coding and billing, and helping transform the EHR into a more adaptive, context-aware copilot.

Also, the VA plans to leverage AI for risk stratification and predictive analytics, such as developing models that may

improve early detection of conditions like heart disease, and to pursue tools that can streamline benefits processing and customer support with AI-powered digital assistants. Underpinning these initiatives is a commitment to be responsible and trustworthy with AI use: the VA has established an enterprise AI governance framework, aligned with national health care AI principles, and is building oversight mechanisms like AI review boards to ensure safety, privacy, and ethical deployment of AI in health care settings. The VA is also investing in infrastructure, workforce training, and pilot programs to support rapid, secure adoption of AI tools that can measurably improve quality, access, and outcomes for Veterans.

Did you know veterans with significant service-connected disabilities can receive free housing and comprehensive care through Oklahoma's State Veteran Home Program? The Oklahoma Department of Veterans Affairs operates seven state veteran homes that provide long-term care options for qualifying veterans. Any veteran that is 70% or more service-connected through the VA with a disability can live at any home at absolutely no cost, and veterans keep all of their income.

Urinary incontinence is a condition marked by the involuntary leakage of urine, and it affects millions of people, including a significant number of military veterans. For veterans, incontinence is often linked to the physical and psychological demands of military service. Combat-related injuries, spinal cord damage, traumatic brain injuries, and surgeries can disrupt normal bladder control, while chronic conditions such as diabetes or prostate disorders can further contribute to symptoms. In addition, post-traumatic stress disorder (PTSD) and other mental health conditions associated with military service can worsen bladder issues through heightened stress responses and sleep disturbances.

Did you know many veterans suffer from hemorrhoids as a result of their military service, but do not claim it as a service-connected disability. Hemorrhoids can be a debilitating condition, causing pain, discomfort, and in some cases severe bleeding. It is essential that veterans who are suffering from hemorrhoids as a result of their military service come forward and claim the benefits they are entitled to. The Department of Veterans Affairs (VA) provides disability benefits to veterans who have service-connected disabilities, including hemorrhoids.

Did you know new legislation has recently passed aimed at helping veterans who are unable to locate their service medical records? This can be a major obstacle for veterans seeking benefits or assistance, as these records are often required as proof of service and/or a service-connected injury or disease. The new legislation provides additional resources and support for veterans in their search for these records.

Did you know Vets4Warriors, has a 24/7 hotline available. The peer support network serves veterans, active duty service members, family members or caregivers? They provide immediate, free and long-term peer support through confidential telephone, chat, text and email conversations. No matter the issue, the peer network is prepared to stay connected with you until the issue is resolved. You can reach them by calling 1-855-838-8255.

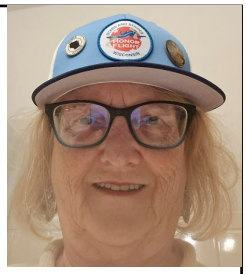
A well-established scientific fact many veterans don't realize is that Agent Orange contained dioxin (specifically TCDD), one of the most toxic chemicals ever studied, and it can remain in the human body for years or even decades after exposure. Dioxin is fat-soluble, meaning it accumulates in body fat and is released slowly over time, with a biological half-life estimated at 7 to 11 years. Because of this persistence, health effects may not appear until long after military service has ended. Extensive research has linked dioxin exposure to disruptions in the endocrine and immune systems and to increased risk of conditions such as Type 2 diabetes, ischemic heart disease, certain cancers, and neurological issues.

Did you know the VA has proposed new rules for how it rates mental health, sleep apnea, and tinnitus? If adopted, they could change how future claims are decided. Tinnitus which, for example, has received a 10% rating and served as a gateway claim for veterans for one of the most filed and most compensated conditions in the entire VA system. However, that rating for tinnitus may be eliminated in the future.

Remember..... That all gave some, but many gave all

Post 449 Chaplain Message

By Patricia Kingsbery 414-476-9485



This month celebrates Valentine's Day on Feb14. I hope you all have somebody to love.

The history of Valentine's Day , however, is not just a love story. Behind the romantic gifts of candy, flowers and a romantic dinner, there is a bit of mystery. The holiday might stem from an ancient pagen festival Lupercalia, which predates Christianity. The Roman festival was celebrated in the middle of February and involved feasting and pairing of partners. It was a bit of a raucous celebration filled with debauchery, blood and sacrifice.

As Roman's turned from Pagen beliefs and embraced Christianity, the holiday evolved honoring St. Valentine. Lupercalia was outlawed at the end of the 5th century, right around the time that Pope Gelasius declared February as St Valentine's Day.

The identity of St. Valentine is up for debate. According to one theory, he was a priest who was arrested for defying a Roman decree that forbid soldiers from marrying. He was executed for the crime of continuing to wed lovers in secret. The other theory has to do with an imprisoned priest. He fell in love with one of his visitors and began writing letters to her. The priest supposedly sent the woman a letter before his execution and signed it "From your Valentine".

Valentine's Day became a holiday about romantic love by the romantic poet Geoffrey Chaucer who wrote a poem about birds choosing their mates on " Senyt Valentynes Day ".

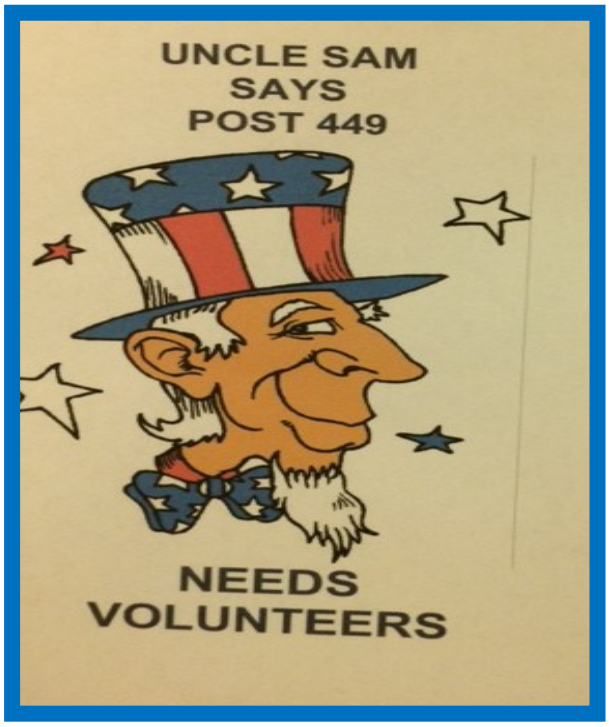
By mid 18th century, friends and lovers exchanged small gifts and notes on Valentine's Day. In the 19th century, Valentine's cards and candy, especially chocolates, were the new thing and continue to be the tradition today. The first heart-shaped box of chocolates created by Richard Cadbury became a symbol of Valentine's Day.

The bible tells us in 1 Corinthians 13 that:

Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self-seeking, it is not easily angered. It keeps no record of wrongs. Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, an always perseveres.

And now these three remain: faith, hope, and love.

May love always abide in your heart ❤️



Cabin Update 449cabins.org

Al Reich, Cabin Chairman

It's that time of year, to start planning your summer vacation at an Elmbrook Cabin. This cold and wintery weather will soon be a thing of the past and in less than two months you'll have the opportunity to rent a cozy cabin in Wisconsin's Northwoods.

So, save the date!

~ RESERVATION DAY ~
March 21, 2026

Post 449 Memorial Building

Due to scheduling conflicts of the past, which forced us to conduct our reservation process in the Post's parking lot, we'll will be working on having the Post open a little earlier and enjoy the comforts of the indoors to make your reservations. Check the exact time on our web page or the March newsletter…but, it will be sometime on that **Saturday afternoon**.

Any questions or concerns ---- please call me at (262) 523-4525

A huge thank you to Joleen Gordon, Elizabeth Wilkinson, Steve Gordon and Lylette Smith for taking down all the Christmas decorations at Post 449. It was alot of work but a labor of FUN! Thank you to Joleen Gordon for storing all the Christmas decorations. Truly appreciated!

shakinjmr@yahoo.com

Well did anyone else think January lasted 200 days?? Hope this finds everyone doing well and staying warm.

I'm sure everyone knows by now that Darlene Baczek has had her first court appearance. I may not have the right to say this, but I'm asking all auxiliary members, if a reporter shows up at the post, please just say no comment. As part of the court proceedings it was said that Darlene can have nothing to do with any American Legion in the state of Wisconsin. Next court date is February 13 at 8:15, room 1-1400.

We need a new Poppy program administrator. I would hope someone would come forward and take this position. Otherwise our Poppy program, the funds we raise are strictly for Veterans, will not continue. While I'm at it, we will be looking for people to fill all the offices soon. Please consider helping the auxiliary by serving on the administrative board.

Our next meeting is February 17, 6:00pm snack time and socializing. 6:30pm meeting

Sorry I cancelled February's meeting. I thought it was too cold. Little did I know it was going to get even colder.

Chaplain

Lylette Smith
414-378-4107 lylettesmith03@yahoo.com

HAPPY VALENTINES DAY!

Thank you to everyone for helping the Auxiliary with their projects of collecting clothing and silverware. It is truly appreciated

A huge thank you to Jean and Bill Ramlow for donating a book of stamps to mail out our Auxiliary cards! Thank you for your big hearts and kindness!

Thinking of you cards are sent monthly to several Auxiliary members to let our members know how valued and missed they are within our ALA.

Our meetings are the 3rd Tuesday of each month. Please consider attending. Your presence brightens our gatherings and enriches our community.

"No Veteran was ever honored for what he received. Honor has been the reward for what he gave." --- Calvin Coolidge, 30th president of the United States of America

As we navigate through our days, lets remember to seek strength, protection, and guidance from God. May the Lord's love accompany us always! Always choose kindness!

God's riches Blessings & Prayers to you all!!!

AUX. UNIT 449 PAST PRESIDENT TURNS 100 YRS OLD

Genevieve Wollinka, Past President from 1980 – 1981, has reached the beautiful

age of 100 years old on January 3. Over the years, Genevieve has kept very active with the Past

President events. Her sense of humor, wisdom, and quick whit makes it a delight to be around

her. She applies two priorities to her life: exercising and socializing. They definitely work for you

Genevieve.

God Bless you and we Love you, Genevieve.

Unit 449 Auxiliary Membership Report

Kitty Larkin, Carol Lers

As soon as February rolls around on the calendar, we all have two things in common - Valentines and Love. Another thing we all have in common is Love of our Veterans and this is a perfect time of the year to do something special for them. The Executive Committee met on Tuesday night to discuss what it would be best to do for them now. This cold weather led to many ideas of things we could do for them immediately in the line of warm clothing and a few treat-like things that would make them happy. Come to the February meeting and share your thoughts and ideas about sharing with the veterans.

If you have not paid your 2026 dues by now, you are no longer a current voting member of Unit 449. However you can still pay your 2026 dues through the Unit Treasurer or the Department of Wisconsin and become reinstated as a member. For those who have not paid their 2024 dues, they will no longer receive the 449er. Our cost of rent for using the Post and receiving the 449er is based on our number of members so we have to be more accurate about our current number of members. Those members who have not paid their 2025 dues may not vote any longer until their 2026 dues are paid.

Department is currently asking about how much are dues are going to be in 2027 (that is next year ladies, not very far into the future) and whom they are to be paid to. They are working ahead to have everything ready to send to all members. This means that we need to think about who our next officers and chairmen are going to be as we will soon be into election time. And how much should our dues be? Of the $36.00 that we currently pay, $14 goes to Department, $16.00 goes to National and $2.00 stays with the Unit. Of that amount $.78 is used to mail your membership card unless you send a SASE with your dues and another stamp is needed to send your dues to Department. That means that .44 stays with the Unit. I recently heard that that Postage is going up again but the amount and time frame is currently unknown. We will need to become more creative with our fund raising.

What do YOU want to do to be an active member during the next term? All this will begin with the appointment of the Nominating Committee? Does being a member of the Nominating Committee mean that you can't be on the slate of officers? No, it means that you can still become an officer if that is your desire. This is the time to begin thinking about your future with the Auxiliary. We all need to begin to re-evaluate our role within the unit to make it a viable organization. It is up to each of us to decide what the future of our Unit will be and what our individual future within the organization will be.

Have you read the latest issue of the AMERICAN LEGION AUXILIARY? Page 1 tell us that "Everyone plays a part in membership renewals" and deeper within the magazine WISCONSIN is mentioned several times. Paying Homage to Past National President Legacies focuses on Barbara Kranig, the 1997-1998 President from Wisconsin whose theme was impacted by FAMILY FIRST. Ten years later she was followed by Jan Pulvermacher-Ryan as National President. Both of these ladies reached out to all members of the ALA to make a positive impression on the United States. Not all of us can reach the National President level but we can all do our best to make certain that the ALA makes a positive impression.

A huge thank you to Vicky and Tom Bonesho for donating the silverware for the Veterans at Union Grove. Veterans at Union Grove are truly appreciative. Thank you!
